

LE BREAD XPRESS PLANS LIVE DEMOS OF BAKE XPRESS AT ARTICULATE 2021

SAN FRANCISCO – May 13, 2021 – Le Bread Xpress will be providing live demonstrations of its innovative Bake Xpress micro-bakery at Articulate 2021, the virtual event focused on food robotics and automation on May 18, 2021, from 10:00 AM to 7:00 PM (PST). Le Bread Xpress will demonstrate how Bake Xpress is revolutionizing the vending industry from its headquarters in Sunnyvale, Calif., during the show expo open hours. Company representatives also will be available to schedule private demonstrations, and company founder and CEO Benoit Herve will be interviewed on the main stage at 12:50 PM (PST).

Bake Xpress micro-bakeries are unique robotic vending solutions that offer a full menu of fresh meals and pastries, ranging from croissants to pizza. Each food item is prepared and partially baked at a traditional bakery before being stored in the Bake Xpress refrigeration unit and then baked in Bake Xpress' smart oven at time of order. Mr. Herve will demonstrate the machine's operation and discuss the details of how facilities can install and manage Bake Xpress.

Tickets to the on-line event and the full event schedule are available at <https://hopin.com/events/articulate-the-food-robotics-summit>

About Le Bread Xpress

Le Bread Xpress combined robotic, AI, sensor, wireless, and heating technologies with artisan recipes to create Bake Xpress, a ground-breaking vending machine that custom bakes a variety of meals and pastries on demand. With a customizable menu ranging from croissants and muffins to pizza, calzones and gourmet sandwiches, Bake Xpress is a significant upgrade to traditional vending options. Le Bread Xpress was founded in 2015 and has installed Bake Xpress micro-bakeries in universities, hotels, retail centers, factories and office parks worldwide.
